Estimated Inspection Cost: \$170.00
B&S Administration Cost: \$55.00
*Total Estimated Cost: \$265.00

[Print this page](#) and submit with your permit application.

***Please do not use this estimate for your check payment. The final permit fees will be calculated when you submit your application.**

The Fee Estimator is only a planning tool to assist customers in determining the permit fees. **Please note that Plan Review fees may or may not apply. Additional fees** (such as DCP [Desert Tortoise Conservation Program], Zoning, Sewer Connections, Transportation, Traffic Impact, Residential Construction Tax and additional plan check) may apply when applications are approved for issuance. The results of the fee calculations should not be relied upon as the final amount of fees assessed for a particular project.

Many proposed projects impact additional structures beyond the residence such as walls, fences, detached garages, pools, spas, etc. Each separate structure will require a separate permit and the fees for each structure are calculated individually. The separate structures may be submitted in a single submittal. For additional assistance, please visit our Development Services Center at 333 N. Rancho Drive, Las Vegas, NV.
